

My Savior (Silent Night) [Lyrics, 84 bpm]

[Seacoast Worship Christmas EP] by Franz Xaver Gruber and Garrett Abel

Intro, V1, V2, C, V3, C

INTRO:

VERSE 1:

Solitary moments capturing the night
Winter's chill upon me, the moon gives off it's light
I'm thinking of my Savior, born on this very night

VERSE 2:

Silence heard for ages was broken on that night
News of a coming Savior, to be, for man, The Light
I'm thinking of my Savior, born on this very night

CHORUS:

Silent night, holy night
All is calm, all is bright
Round yon virgin mother and child
Holy infant so tender and mild
Sleep in heavenly peace
Sleep in heavenly peace

VERSE 3:

Hands that would heal a leper and wipe tears from our eyes
As delicate as snowflakes falling from the sky
I'm thinking of my Savior, born to deliver life
