INTRO:

VERSE 1:

People are people, all messed up
Some really honest, some dressed up

PRE-CHORUS:

Liars and cheaters, unworthy receivers, nobody is cleaner
But thank God love does what it does - forgiving us

CHORUS: F#madd9 (x2)

How you still love inspite of all the things we have done
We'll never understand just how much you love us, you love us

VERSE 2:

Bandaged and broken, yea we're all jacked up
By His grace and mercy He's still using us

PRE-CHORUS:

Buildings and steeples may hold lots of people
But mothers and teachers are prophets and preachers
Yea, they're the church - this is the church

CHORUS:

BRIDGE 1:

Don't get it twisted, often we miss it
This is the church and beautiful!
A holy collision of human and heaven
This is the church and it's beautiful!

BRIDGE 2:

Don't get it twisted, often we miss it
This is the church and beautiful!
A holy collision of human and heaven
This is the church and it's beautiful!
